

KCSER and Beyond Meeting Tweets from the Meeting - September 28, 2015

From User	Text	Time
hail_CSER	Now that #CSERandBeyond has concluded, we're looking forward to the next two days' presentations & discussions at our in-person meeting	9/29/15 4:09 AM
hail_CSER	RT @BergLabUNC: Katrina Goddard outlining impact of CSER consortium at #CSERandBeyond "Veni vidi vici" @hail_CSER	9/29/15 4:08 AM
hail_CSER	RT @BergLabUNC: #CSERandBeyond what a great day of looking at the past, present and future of CSER and (?) CSER II @hail_CSER	9/29/15 1:50 AM
clesemartin	RT @mattmight: I suggest that if we're not sure what patients want, we ask them, leaving all options on the table. #CSERandBeyond	9/28/15 11:56 PM
hashisNme	RT @mattmight: Eric Green says genome sequencing is heading toward mainstream clinical use, just 25 years since launch of HGP. #CSERandBeyo...	9/28/15 11:44 PM
bertrandmight	RT @BergLabUNC: @mattmight at #CSERandBeyond "I'm not here to make your life any easier ... I'm actually here to make your life more diffic...	9/28/15 11:04 PM
bertrandmight	RT @granitehead: from #medX to #CSERandbeyond , @mattmight on community building and advancing science in #raredisease world, storytelling ...	9/28/15 11:04 PM

drbachinsky	RT @Coriell_Science: Great discussion at #CSERandbeyond today - watch live at http://t.co/qTDuqi8rV7 https://t.co/O9BYPLxaah	9/28/15 10:51 PM
bertrandmight	RT @mattmight: Eric Green says genome sequencing is heading toward mainstream clinical use, just 25 years since launch of HGP. #CSERandBeyo...	9/28/15 10:46 PM
bertrandmight	RT @granitehead: Roadmap: #genomic research, services and obligation by @RobertCGreen streaming at #CSERandbeyond https://t.co/lzp6Zyi1Es	9/28/15 10:45 PM
bertrandmight	RT @BergLabUNC: Robert Green: "CSER is the conscience of the biotech tsunami that is coming" @hail_CSER #CSERandBeyond	9/28/15 10:45 PM
bertrandmight	RT @mattmight: I suggest that if we're not sure what patients want, we ask them, leaving all options on the table. #CSERandBeyond	9/28/15 10:45 PM
bertrandmight	RT @Coriell_Science: Great discussion at #CSERandbeyond today - watch live at http://t.co/qTDuqi8rV7 https://t.co/O9BYPLxaah	9/28/15 10:45 PM
bertrandmight	RT @BergLabUNC: #CSERandBeyond what a great day of looking at the past, present and future of CSER and (?) CSER II @hail_CSER	9/28/15 10:45 PM
bertrandmight	RT @BergLabUNC: #CSERandBeyond what a great day of looking at the past, present and future of CSER and (?) CSER II @hail_CSER	9/28/15 10:45 PM

BergLabUNC	#CSERandBeyond what a great day of looking at the past, present and future of CSER and (?) CSER II @hail_CSER	9/28/15 10:24 PM
granitehead	@SallyOkun there was a great discussion re the value of diagnosis (especially molecularly based) economically today at #CSERandbeyond	9/28/15 9:57 PM
BergLabUNC	@hail_CSER Re: clinical sequencing - are you a "visionary whiner" or an "enthusiastic skeptic"? Maybe a little of both? #CSERandBeyond	9/28/15 9:38 PM
BergLabUNC	@hail_CSER Re: clinical sequencing - are you a "visionary whiner" or an "enthusiastic skeptic"? Maybe a little of both? #CSERandBeyond	9/28/15 9:38 PM
steven1701	RT @mattmight: I suggest that if we're not sure what patients want, we ask them, leaving all options on the table. #CSERandBeyond	9/28/15 8:38 PM
granitehead	RT @RobertCGreen: @deverka: discussing sequencing: "there is no cost-effectiveness without effectiveness" #cserandbeyond #hail_CSER	9/28/15 8:25 PM
RobertCGreen	@deverka: discussing sequencing: "there is no cost-effectiveness without effectiveness" #cserandbeyond #hail_CSER	9/28/15 8:23 PM
klbergst	RT @mattmight: I suggest that if we're not sure what patients want, we ask them, leaving all options on the table. #CSERandBeyond	9/28/15 8:16 PM

BergLabUNC	At #CSERandBeyond - getting down to the bottom \$, can CSER provide evidence to payers to support coverage of clinical sequencing? @hail_CSER	9/28/15 8:12 PM
anne_bruns	RT @mattmight: I suggest that if we're not sure what patients want, we ask them, leaving all options on the table. #CSERandBeyond	9/28/15 7:39 PM
anne_bruns	RT @mattmight: I suggest that if we're not sure what patients want, we ask them, leaving all options on the table. #CSERandBeyond	9/28/15 7:39 PM
Coriell_Science	Great discussion at #CSERandbeyond today - watch live at http://t.co/qTduqi8rV7 https://t.co/O9BYPLxaah	9/28/15 7:39 PM
euanashley	RT @mattmight: I suggest that if we're not sure what patients want, we ask them, leaving all options on the table. #CSERandBeyond	9/28/15 7:36 PM
RobertCGreen	@cdebustamante #CSERandbeyond: no model describes variant distribution around the world, it requires empirical testing across ethnicities	9/28/15 7:26 PM
LauraBraden2	RT @mattmight: I suggest that if we're not sure what patients want, we ask them, leaving all options on the table. #CSERandBeyond	9/28/15 7:21 PM
chaosape	RT @mattmight: I suggest that if we're not sure what patients want, we ask them, leaving all options on the table. #CSERandBeyond	9/28/15 7:20 PM

alsadvocacy	RT @mattmight: I suggest that if we're not sure what patients want, we ask them, leaving all options on the table. #CSERandBeyond	9/28/15 7:10 PM
EranKabakov	RT @mattmight: I suggest that if we're not sure what patients want, we ask them, leaving all options on the table. #CSERandBeyond	9/28/15 7:10 PM
mattmight	I suggest that if we're not sure what patients want, we ask them, leaving all options on the table. #CSERandBeyond	9/28/15 7:10 PM
granitehead	economics and value of #MDx #NGS 2B streamed 250-340 today 9/28 Moderators: Katrina Armstrong from MGH, Sharon Plon @splon #cserandbeyond	9/28/15 7:02 PM
enlightenbio	RT @granitehead: Sharon Plon: #wearenotwaiting T1D and crowdsourcing tools and data #CSERandbeyond cc:@danamlewis	9/28/15 6:46 PM
RTWeRNotWaiting	RT @granitehead: Sharon Plon: #wearenotwaiting T1D and crowdsourcing tools and data #CSERandbeyond cc:@danamlewis	9/28/15 6:45 PM
