Research Directions in Genetically-Mediated Stevens-Johnson Syndrome/Toxic Epidermal Necrolysis

March 3-4, 2015

NIH Building 31 Conference Center (6th floor of 31C) NIH Main Campus, Bethesda MD

Meeting Objectives:

- 1. Review current state of knowledge of surveillance, pathogenesis, and treatment of Stevens-Johnson Syndrome/Toxic Epidermal Necrolysis (SJS/TEN)
- 2. Examine role of genomics and pharmacogenomics in etiology, treatment, and eradication of preventable causes of drug-induced SJS/TEN
- 3. Identify gaps, unmet needs, and priorities for future research to eliminate genetically mediated SJS/TEN globally

Day 1: Tuesday, March 3rd

Location: NIH Building 31 Conference Center 6C Room 10

8:00 AM	Registration			
Session 1: State of the Science (20' talks, 10' discussion) Moderator: Ricardo Cibotti				
8:30 AM	Welcome, Introduction and Goals		Teri Manolio	
9:00 AM	Clinical syndromes, epidemiology, genomics, diagnosis and treatment		Neil Shear	
9:30 AM	Basic science of pathogenesis, functional genomics and mechanisms		Wen-Hung Chung	
10:00 AM	Defining and prioritizing unmet research needs for a rare but deadly disease		Elizabeth Phillips	
10:30 AM	Discussion		All	
11:00 AM	Break			
Session 2: International Experience Part 1 (10' talks, 5' discussion) Moderator: Steven k				
11:30 AM	Europe		Maja Mockenhaupt	
11:45 AM	Taiwan		Shuen-Iu Hung	
12:00 AM	iSAEC		Munir Pirmohamed	
12:15 PM	Thailand		Wasun Chantratita	
12:30 PM	Break (pick up food for working lunch)			
1:00 PM	Discussion		All	
Session 3: Challenges in Case Finding and Surveillance (20' talks, 10' discussion) Moderator: Dan Roden				
1:30 PM	Pharmacosurveillance for SJS/TEN in the US		Lois La Grenade	
2:00 PM	Potential for electronic phenotyping		Josh Denny	
2:30 PM	Pharmacovigilance in Thailand		Wimon	
			Suwankesawong	
3:00 PM	Discussion		All	
3:30 PM	Break (move to break out group rooms)			

<u>Workshop Planning Group Members:</u> Mark Avigan (FDA), Ricardo Cibotti (NIAMS/NIH), Robert Davis (U Tennessee), Josh Denny (Vanderbilt), Carolyn Hutter (NHGRI/NIH), Lois La Grenade (FDA), Teri Manolio (NHGRI/NIH), Neil Shear (U Toronto), Lisa Wheatley (NIAID/NIH)

Session 4: Working Groups				
4:00 PM- 5:45PM	Group 1: Basic research gaps and opportunities: mechanisms, risk alleles, other biomarkers, animal models (6C Room 10)	Lauren Trepanier Wen-Hung Chung		
	Group 2: Clinical implementation gaps and opportunities: PGx Screening, CPIC guidelines, and global eradication, recurrence prevention, cost effectiveness (6C Room 7)	Howard McLeod Surakameth Mahasirimongkol		
	Group 3: Pharmacosurveillance gaps and opportunities: phenotype definitions, EMRs, resource needs (6C Room 9)	Robert Davis Simone Pinheiro		

Day 2: Wednesday, March 4th

Location: NIH Building 31 Conference Center Room 6C Room 6

Session 5: Inter	mational Experience Part 2 (10' talks, 5' discussion)	Moderator: Juan Lertora			
8:30 AM	Recap	Neil Shear			
8:45 AM	Singapore	Cynthia Sung			
9:00 AM	Indonesia	Rika Yuliwulandari			
9:15 AM	United States	Steven Leeder			
9:30 AM	Discussion	All			
10:00 AM	Break				
Session 6: Special Topics (15' talks, 5' discussion) Moderator: Michael Lee					
10:30 AM	Regulatory consideration of pharmacogenomics data in label	ing Mike Pacanowski			
10:50 AM	Identifying causal variation in studies of disease associations with MHC genes	Mary Carrington			
11:10 AM	Drug-induced liver injury and cross-reactivity across drugs/organs	Jay Hoofnagle			
11:30 AM	Health economics, policy implementation, and cost- effectiveness research	Dave Veenstra			
11:50 PM	Discussion	All			
12:10 PM	Break (pick up food for working lunch)				
Session 7: Repo	ort of Working Groups (15' talks, 15' discussion)	Moderator: Carolyn Hutter			
12:45 PM	Basic Research working group report	Lauren Trepanier Wen-Hung Chung			
1:00 PM	Discussion of basic research opportunities	All			
1:15 PM	Clinical Implementation working group report	Howard McLeod Surakameth Mahasirimongkol			
1:30 PM	Discussion of clinical implementation research opportunities	All			
1:45 PM	Pharmacosurveillance working group report	Robert Davis Simone Pinheiro			
2:00 PM	Discussion of pharmacosurveillance research opportunities	All			
Session 8: Wrap-up and Next Steps Moderator: Santa Tumminia					
2:15 PM	Discussion of Next Steps	Teri Manolio			
3:00 PM	Adjourn
