

Participation Warning! for this afternoon

- Discussion groups
 - Specialty Boards WG Charge – facilitator is Ann Karty
 - If we had money, what would we do? – facilitator is Bob Wildin
 - Next steps for promoting Education – facilitator is Jean Jenkins
 - ***Wild Card!*** Facilitator is Alice Bailey
- Future Directions for ISCC discussion
 - We'll go “around the table” for quick quick quick summaries of – your take-aways, your wishes

Current Status of ISCC Work Products and Plans

- Updates to ISCC Website

<http://www.genome.gov/27554614>

- Publications

Genet Med. 2014 Nov;16(11):804-9. doi: 10.1038/gim.2014.35. Epub 2014 Apr 24.

Framework for development of physician competencies in genomic medicine: report of the Competencies Working Group of the Inter-Society Coordinating Committee for Physician Education in Genomics.

Korf BR¹, Berry AB², Limson M³, Marian AJ⁴, Murray MF⁵, O'Rourke PP⁶, Passamani ER⁷, Relling MV⁸, Tooker J⁹, Tsongalis GJ¹⁰, Rodriguez LL⁷.

Sci Transl Med. 2015 May 13;7(287):287fs19. doi: 10.1126/scitranslmed.aaa2401.

How to know when physicians are ready for genomic medicine.

Vassy JL¹, Korf BR², Green RC³.

ISCC Sustainability

- The Problem
 - Limited staff and meeting support from NHGRI, no ability to scale
 - Otherwise all-volunteer organization without operating budget
 - Sustained progress may depend on other funding commitments
 - TM and LR began evaluating options in 2013 with consultant
- An approach
 - Plan: NHGRI to seek donor funding through the Foundation for NIH (FNIH) from companies and organizations with a stake in Practitioner education in genomics
 - Status: FNIH
 - is completing Feasibility Scan by end of May (pre-eval of likely funders)
 - Staff presents ISCC pitch and results of scan to FNIH board thereafter
 - If approved, would seek and manage donations for ISCC activities and could provide logistic and administrative support for ISCC activities using them.

G2C2 Promotional Video

- Introduces the website and its features
- Will be embedded in G2C2 home page

Preview (beta)

Transitions

(since November in-person mtg.)

- ISCC Administration at NHGRI transferred from Division of Genomic Medicine to Division of Policy Communications and Education (Genomic Healthcare Branch) – **Alice Bailey**, supporting Scientific Analyst, replacing **Deborah Colantuoni**.
- **Teri Manolio** and **Mike Murray** handed Co-chairs to **Bob Wildin** and **Ann Karty**
- Part time G2C2 staffer **Acacia McKenna** handed the reins to **Donna Messersmith** 🤔
- **Bob Wildin** got two years older...

Odds and Ends

- ISCC Networking Function
 - Collaborations between one member and another need not go through leadership
 - Would be nice to get credit for the ‘introduction’
