

Mission/Vision ISCC

**INTER-SOCIETY COORDINATING COMMITTEE FOR PRACTITIONER EDUCATION IN GENOMICS
(ISCC-PEG)**

**National Human Genome Research Institute
(5/2015 Revision)**

Vision: To improve genomic literacy of physicians and other healthcare providers and enhance the effective practice of clinical genomic medicine, through joint identification of educational needs and sharing best practices in educational approaches.

Mission: To facilitate interactions among professional societies and related organizations to enhance and increase the understanding of practitioners in applying genomic medicine to cost effective decision making and clinical care. The ISCC's role is to stimulate the activities of these societies, by offering collaboration and expertise when desired by individual societies.
