Organization

Institute/Center

Department/Branch

Written Disclosure

In compliance with the Standards of the Accreditation Council for CME, it is the policy of the NIH/FAES CME Committee to ensure balance, independence, objectivity, and scientific rigor in all of its educational activities and to include information free of commercial bias and based on the best evidence available. All speakers, planning committee members, and others in a position to influence the content of the CME have disclosed any financial interest or relationship of their own, their spouse/partner, or their worksite with any manufacturer or provider of any commercial product, service, technology, or program, any planned discussion of unapproved/investigative use of a commercial product/device, and also disclosed relationships with any non-Governmental supporter of this event. (There are no non-Governmental supporters of this series.) Information and, if applicable, the steps taken to resolve any possible conflict of interest, is provided below.

A list of the course organizers and speakers' names, credentials and affiliations can be found on the CTGA Syllabus.

None of the speakers or planners participating in this series have reported financial interests or relationships relevant to these educational presentations.

Unlabelled/investigational/alternative uses to be discussed:

None of the speakers participating in this series have reported that they will be discussing unlabelled, investigational or alternative uses for any products or services discussed in their presentations.
