

## Inter-Society Coordinating Committee Roster

<b>Member Organization</b>	<b>Representative</b>
Accreditation Council for Continuing Medical Education	Kopelow, Murray
Accreditation Council for Continuing Medical Education	Singer, Stephen
Accreditation Council for Graduate Medical Education	Brigham, Tim
Accreditation Council for Graduate Medical Education	Nasca, Thomas
American Academy of Family Physicians	Chen, Fredrick
American Academy of Family Physicians	Wood, Julie
American Academy of Pediatrics	Saul, Robert
American Association for Clinical Chemistry	Lockwood, Christina
American Association for Clinical Chemistry	Tsongalis, Greg
American Board of Medical Genetics	Demmer, Laurie
American Board of Medical Specialties	Blitzer, Mimi
American Board of Medical Specialties	Nora, Lois
American Board of Medical Specialties	Pouwels, Mellie
American College of Cardiology	Roberts, Robert
American College of Medical Genetics and Genomics	Korf, Bruce
American College of Physicians	Murray, Michael
American College of Physicians	Tooker, John
American Congress of Obstetricians and Gynecologists	Rose, Nancy
American Congress of Obstetricians and Gynecologists	Wick, Myra
American Heart Association	Arnett, Donna
American Heart Association	Robertson, Rose Marie
American Medical Association	Wilson, Modena
American Medical Association	Johansen-Taber, Katherine
American Society of Clinical Oncology	Clark, Ben
American Society of Clinical Oncology	Grupe, Anne
American Society of Clinical Oncology	Nowakoski, Grzegorz
American Society of Clinical Oncology	Raymond, Marilyn
American Society of Clinical Oncology	Sierra, Lyndsey
American Society of Clinical Oncology	Tibbits, Michal
American Thoracic Society	Kraft, Monica
Association for Molecular Pathology	Berry, Anna
Association for Molecular Pathology	Limson, Melvin
Association for Molecular Pathology	Williams, Mary
Association of Professors of Human and Medical Genetics	Pyeritz, Reed
College of American Pathologists	Habegger-Vance, Gail
College of American Pathologists	Wright, Louis, Jr.
Council of Medical Specialty Societies	Kahn, Norman

Duke University	Ginsburg, Geoffrey
Geisinger Health System	Williams, Marc
Genetic Testing Registry/National Center for Biotechnology Information	Rubinstein, Wendy
Harvard University	O'Rourke, Pearl
International Society of Psychiatric Genetics	DeLisi, Lynn E.
International Society of Psychiatric Genetics	Nurnberger, John I., Jr.
International Society of Psychiatric Genetics	Schulze, Thomas G.
International Society of Psychiatric Genetics	McMahon, Francis
Medical College of Wisconsin	Jacob, Howard
National Cancer Institute	Shelburne, Nonniekaye
National Center for Biotechnology Information	Kattman, Brandi
National Center for Biotechnology Information	Ostell, Jim
National Heart, Lung, and Blood Institute	Papanicolaou, George
National Human Genome Research Institute	Bonham, Vence
National Human Genome Research Institute	Green, Eric
National Human Genome Research Institute	Jenkins, Jean
National Human Genome Research Institute	Manolio, Teri
National Human Genome Research Institute	Odgis, Jacqueline
National Human Genome Research Institute	Ozenberger, Bradley
National Human Genome Research Institute	Passamani, Eugene
National Human Genome Research Institute	Rodriguez, Laura
National Human Genome Research Institute	Scholes, Derek
National Institute of Allergy and Infectious Diseases	Giovanni, Maria
National Institute of Arthritis and Musculoskeletal and Skin Diseases	Sharrock, William
National Institute of Child Health and Human Development	Kasten, Carol
National Institute of Child Health and Human Development	Watts, Heather
National Institute of Dental and Craniofacial Research	Harris, Emily
National Institute of General Medical Sciences	Krasnewich, Donna
National Institute of Mental Health	Chambers, David
National Institute of Mental Health	Lehner, Thomas
National Institute of Neurological Disorders	Gwinn, Katrina
National Institute on Alcohol Abuse and Alcoholism	Reilly, Matthew
National Institute on Deafness and Other Communication Disorders	Hughes, Gordon
National Institute on Deafness and Other Communication Disorders	Watson, Bracie
National Institute on Drug Abuse	Rutter, Joni
Northwestern University	Chisholm, Rex
Pennsylvania Medical Society	Howell, Leslie

Society of General Internal Medicine	Horowitz, Carol
St. Jude's Children's Research Hospital	Relling, Mary
University of Florida College of Pharmacy	Weitzel, Kristin
UTHealth, Cardiovascular Genetic Research	Marian, Ali J.
Vanderbilt School of Medicine	Roden, Dan

## **ISCC Working Group Rosters and Charges**

### **Competencies Working Group**

Korf, Bruce, Chair	American College of Medical Genetics and Genomics
Berry, Anna	Association for Molecular Pathology
Limson, Mel	Association for Molecular Pathology
Marian, Ali J.	UTHealth
Murray, Mike	American College of Physicians
Nurnberger, John I., Jr.	International Society of Psychiatric Genetics
O'Rourke, Pearl	National Human Genome Research Institute
Passamani, Gene	National Human Genome Research Institute
Rodriguez, Laura	National Human Genome Research Institute
Tooker, John	American College of Physicians
Tsongalis, Greg	American Association for Clinical Chemistry
Wise, Rosann	National Human Genome Research Institute
Pyeritz, Reed	Association of Professors of Human and Medical Genetics

- Charge:**
- Review surveys and other sources to see what competencies would fit into current clinical practice.
  - Review any existing competencies in genomic medicine education and existing guidelines in the use of genomics.
  - Work with individual professional societies to determine their desire for competencies and where they would fit in.

### **Educational Products Working Group**

Roberts, Robert, Co-Chair	American College of Cardiology
Manolio, Teri, Co-Chair	National Human Genome Research Institute
Bailey, Alice	National Human Genome Research Institute
DeLisi, Lynn E.	International Society of Psychiatric Genetics
Grupe, Anne	American Society of Clinical Oncology
Gwinn, Katrina	National Institute of Neurological Disorders and Stroke
Jenkins, Jean	National Human Genome Research Institute

Kahn, Norman, Jr.	Council of Medical Specialty Societies
Lockwood, Christina	American Association for Clinical Chemistry
Nowakowski, Grzegorz	American Society of Clinical Oncology
Rodriguez, Laura	National Human Genome Research Institute
Schulze, Thomas G.	International Society of Psychiatric Genetics
Shelburne, Nonniekaye	American Society of Clinical Oncology
Singer, Steve	Accreditation Council for Continuing Medical Education
Weitzel, Kristin	University of Florida College of Pharmacy
Wright, Louis	College of American Pathologists
Arnett, Donna	American Heart Association

- Charge:**
- Collect existing educational products from ISCC representatives.
  - Identify relevant federally-funded resources and initiatives (such as CRVR, PharmGKB, Genetic Testing Registry) that could assist genomics education efforts and clinical practice.
  - Work with use cases group to identify areas of emphasis for educational products (e.g. ordering of genetic tests, counseling, return of results).
  - Identify new advances that may require educational initiatives.

### **Specialty Boards Working Group**

Rose, Nancy, Chair	American College of Obstetricians and Gynecologists
Blitzer, Miriam	American Board of Medical Specialties
Chen, Frederick	American Academy of Family Physicians
Demmer, Laurie	American Board of Medical Genetics
Pouwels, Mellie	American Board of Medical Specialties
Raymond, Marilyn	American Society of Clinical Oncology
Rutter, Joni	National Institute on Drug Abuse
Tibbits, Michal	American Society of Clinical Oncology

- Charge:**
- Determine the extent that specialty boards already have genomics in their examinations.
  - Reach out to specialty boards that may not be integrating genomics into exams at this time.
  - Link specialty boards with relevant professional societies that are already implementing genomics education or are looking to implement.

## Use Cases Working Group

Williams, Marc, Chair	Geisinger Health System
Chen, Frederick	American Academy of Family Physicians
Harris, Emily	National Institute of Dental and Craniofacial Research
Hughes, Gordon	National Institute on Deafness and Other Communication Disorders
Kahn, Norm	Council of Medical Specialty Societies
Kasten, Carol	National Institute of Child Health and Human Development
Lehner, Thomas	National Institute of Mental Health
Odgis, Jacqueline	National Human Genome Research Institute
Papanicolaou, George	National Heart, Lung, and Blood Institute
Rubinstein, Wendy	National Center for Biotechnology Information
Saul, Bob	American Academy of Pediatrics
Wick, Myra	American College of Obstetricians and Gynecologists

- Charge:**
- Collect existing use cases and disseminate through ISCC dissemination efforts.
  - Develop general and society-specific use cases in genetics in 5 general topic areas:
    - Pharmacogenomics
    - Family History
    - Rare, single gene disorders
    - Common Disease with genetic component
    - Whole Genome/Exome sequencing
      - Incidental Findings
  - Coordinate with the Educational Products WG to identify and develop materials to support use cases.
  - Coordinate with the Competencies WG to review existing competencies and explore how to translate into use cases that support competency achievement.
  - Engage with the specialty end users to:
    - Identify subjects of interest for use case development.
    - Evaluate disseminated use cases for relevance and utility.
