Bernadine Healy, M.D.
Director
National Institutes of Health
Shannon Building, Room 126
Bethesda, Maryland 20892

Dear Dr. Healy:

I hereby resign as Director of the National Center for Human Genome Research. I have considered it a great pleasure and opportunity to have served at the National Institutes of Health in this capacity. I remain firmly committed to the success of the Human Genome Project. I hope and expect to continue to support the project enthusiastically and, if called upon by my successor, to advise the NIH informally.

Sincerely,

A handwritten signature in cursive script that reads "James D. Watson".
